BS EN 14351-1:2006 + A1:2010

Double-glazed PVCu Tilt & Turn window type  
1700 System  
intended for use not on escape route

|  |                             |
|--|-----------------------------|
| Resistance to wind load                | Class E (2400 Pa)           |
| Watertightness                         | Class 7A (300 Pa)           |
| Dangerous substances                   | None                        |
| Load-bearing capacity of safety device | npd                         |
| Acoustic performance                   | npd                         |
| Thermal transmittance                  | ≤ 1.6 W/(m <sup>2</sup> .K) |
| Radiation properties                   | Npd                         |
| Air permeability                       | Class 2 (300 Pa)            |
