

The following Risk Assessments were carried on behalf of Ace Windows NE

I have carried out a number of “suitable and sufficient risk assessments” where “significant risk has been identified and insignificant risk ignored”

Ace Windows NE are committed to putting in place safety measures identified in the assessments. This will bring risk levels down to “as low as is reasonably practicable” and ensure the company is doing everything “foreseeable” in its efforts to maintain a safe environment for all staff.

The risks assessments valid for 12 months and will be reviewed and monitored by Ace Windows NE throughout the 12 month period.
