

ACE WINDOWS NE

HEALTH AND SAFETY POLICY

Ace Windows have a firm belief that, by having a sound attitude to health and safety requirements, not only will the well-being of the employees be assured, but also the company will be ultimately more efficient and thus more profitable.

The company policy is, so far as is reasonably practicable to:

- Ensure that sufficient resources (e.g. people, time, money and facilities) are made available to ensure adequate control of the health and safety risks arising from our work activities.
- Ensure consultation with our employees on matters affecting their health and safety.
- Ensure the provision and maintenance of safe vehicles, plant and work equipment (WE).
- Ensure safe handling and use of substances.
- Ensure all employees are competent to do their tasks and to give them adequate information, instruction, supervision and training.
- Ensure that all members of the public are protected from being harmed or injured
- Ensure the prevention of accidents and cases of work-related ill health.
- Ensure maintenance of safe and healthy working conditions.
- Ensure access to competent health and safety advice.
- Ensure review and revision of this policy as necessary and at least every year.

It is the company's firm belief that, by having a sound attitude to health and safety requirements, not only will the well-being of the employees be assured, but also the company will be ultimately more efficient and thus more profitable.
